

Computing

In computing lessons we will be using a variety of computing software and online applications to learn about communication and creativity.

RE

This term we will be learning about the journey of life and death and how different faiths mark events in our lives. We will also discuss the idea of a Christian pilgrimage.

English

This term in English we will be studying Narrative Units including the texts 'The Unforgotten Coat' and 'The Arrival'. We will be writing across a range of fiction and non-fiction genres as well as working on spelling, handwriting and grammar. We will also be looking at a number of stand-alone texts in Destination Reader lessons to help prepare us for our Year 6 SATs.

Topic

Onyx Class will be learning about the continent of Africa this term through the subjects of History, Geography and Art. We will be covering lots of learning topics including African art, children's rights, health, food & trade in different countries. We will also be learning the life of Nelson Mandela and linking our topic to our Science work about animals and living things. In addition to this we will find out about the 'Kingdom of Benin' between the year 900-1300AD.

Onyx Class

Homework

Homework will be set each Friday and expected back on the following Wednesday. Remember to read every day and bring your reading log and home reading book to school every day.

Class Information

Year 6 Class Assembly - Tuesday 24th

September

Year 6 Open Afternoon - Wednesday 20th

November

Science

Our Science topic this term is called Animals and living things. We will also be identifying and naming the main parts of the human circulatory system.

PE

Onyx will have PE **every Tuesday**. Pupils will require their full PE kit for these lessons. We will also be **swimming every Wednesday**, working towards improving on our personal best. In addition, children be participating in morning exercise three times a week and running the mile twice. Children will require appropriate footwear every day.

Maths

This term we are going to be revising all areas of learning in preparation for the KS2 SATs. We will consolidate and then build on our Maths knowledge and apply these skills to real life problems. Remember it is really important that your child can confidently recall multiplication and division facts.
