

Computing

We will begin to build on our prior knowledge of scratch, improving our basic skills and using multimedia to present our work.

Topic: The Romans

This term Year 4 will be introduced to the Romans. We will have the opportunity to learn about the Roman invasion and occupation of Great Britain and find out about all aspects of Roman life. We will study their culture, from entertainment, clothes to creating our own mosaics. We hope to have an immersion day, providing the children a variety of creative and stimulating activities.

Science

Our Science topic this term is Animals Including Humans. We will learn to describe the simple functions of the basic parts of the digestive system and consolidate this by visiting the Science Museum.

RE

We will be learning the importance of the symbols, beliefs and teachings in Hinduisim.

Coral Class

P.E

In P.E our sessions we will be working on flexibility and strength in athletics, developing and honing our skills.

PHSE

We will be learning RSE: The physical changes associated with puberty and helping children to recognise their own worth as individuals and to challenge stereotypes.

Homework

Homework will be set each Friday and is expected back on the following Wednesday. Remember to read a minimum of 20 minutes and practice times tables every day.

English

Our Literary book this half term is FArTHER by Graham Baker Smith. Children will explore the importance of dreams and aspirations and create a story map of the key events in order to write a sequel. We will follow this text with A Winter's Child by Angela McAllister and Grahame Baker Smith, for the second half of Spring Term.

Class Information

P.E - Tuesday afternoon @ 13.30

Class Assembly - 28th January @ 10.00
