

Welcoming everyone back to school!

From September, all children will return to school. This is important for children's overall development, their social and emotional health and means parents can return to work.

Schools are carefully following local and national public health advice to ensure each school is safe.

Children don't spread Coronavirus more than adults. For most people – and especially children – if they do catch the virus, the symptoms will be mild.

Stay safe

We all need to work together to make sure we keep our schools safe, so please remember to:

Keep washing your hands

Socially distance where possible - especially at the school entrance

Stay away if you or your child (or someone you live with) have symptoms

Keep healthy

Walk, cycle or scoot to school if you can, rather than taking public transport.

Vaccinations protect you and your family. Speak to your GP to make sure all vaccinations are up-to-date.

Look out for the free annual flu vaccine – this is even more important this year. Primary school and Year 7 pupils will get this at school.

Get tested if you or your child have symptoms:

- Tests can be booked online at: www.nhs.uk/ask-for-a-coronavirus-test
- For help with testing, see www.nhs.uk/contact-us/get-help-with-asking-for-a-coronavirus-test/

Public Health England does not, based on current evidence, recommend the use of face coverings in schools.

Find out more

You can contact your school with any questions. Your School Nurse is also happy to talk to you about any concerns, for example if you are from a Black, Asian or Minority Ethnic group or if there are grandparents or vulnerable family members at home.

School nurses: email whh-tr.IslingtonSchoolNursing@nhs.net or ring 020 3316 8021
