

St Mark's CE Primary School Development & Improvement Plan (SDIP) Overview 2021-22

'Thy word is a lamp to my feet and a light to my path'.

Psalm 119 Vs 105

Our SDIP has been informed by our annual review and self-evaluation of our school. This helps us to identify our strengths as well as future areas for development at our school.

Our main aim for 2021-22 is to live out our vision by continuing to develop our school as a creative, fun and challenging learning community with a relentless focus on improving progress in all year groups and preparing all children for life beyond St Mark's. We will continue to ensure that all children make good and better progress because of the high quality learning and teaching that they receive. This year, we are working to further improve.

Together, we will teach you to live within the values of God's word
